Tutoring Experience

With over 12 years of tutoring experience, I have had the privilege of guiding students through the complexities of Physics and Maths at both IB and IGCSE levels. My journey began in Dubai, where I worked with diverse student groups, including those preparing for competitive university entrance exams. Now based in the USA, I continue to deliver top-notch tutoring services, adapting to the specific needs of students from various cultural and educational backgrounds.

I focus on creating a personalized learning experience, tailoring lessons to address each student's strengths and weaknesses. My teaching philosophy revolves around making challenging concepts accessible and engaging, while also instilling confidence in my students. Whether it's mastering the intricacies of quantum mechanics or conquering calculus, I strive to ensure that my students not only achieve academic success but also develop a genuine passion for the subjects I teach.
