🎓 Qualified IB Tutor | MSc Mechanical Engineering

Hello! I'm Jol, a dedicated Physics and Engineering tutor with over 10 years of experience. I specialize in guiding IB and IGCSE students through the intricacies of Physics, ensuring they not only achieve academic success but also develop a genuine passion for the subject. My approach is student-centered, fostering both confidence and a deep understanding of complex concepts.

Teaches: Oxbridge Science Physics

Curriculum: IB IGCSE GCSE

Qualifications

Degree Qualifications: BSc in Electrical Engineering/MSc in Mechanical Engineering

Certifications: Certified IB Physics and Maths Teacher (HL/SL)/Certified IGCSE Physics Teacher

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past decade, I've had the privilege of tutoring students from diverse educational backgrounds, focusing on IB and IGCSE Physics. My experience includes not only classroom teaching but also one-on-one tutoring sessions tailored to each student's learning style. I take pride in simplifying complex concepts, whether it's the laws of thermodynamics or the principles of electromagnetism, and making them accessible to all students. My goal is to create a supportive learning environment where students feel empowered to ask questions and explore the subject in depth. I've also successfully prepared students for Oxbridge engineering applications, helping them build a strong foundation in both theoretical and practical aspects of Physics.
